

# UNLOAD THE BURDEN

mental health businesses and private practices

REDUCE PAPERWORK • GUIDE INNOVATION • SCALE  
REDUCE TECH ISSUES • IMPROVE A/R • OBTAIN CONTRACTS

**Nadine Wilches, LCSW | Neuropsych Management LLC | [contact@neuropsych.com](mailto:contact@neuropsych.com) | 631-339-0852**

Let's get your mental health practice to where you envision it by reducing the burden of maintaining or growing a practice. I work with you directly to set up a strong self-maintained foundation to run your practice that doesn't require a large out of pocket expense or ongoing fees. This is a chance to re-set with someone who can guide you, train you and take tedious set-up tasks off your plate to get things going in a smoother direction. We all go into practice focused on quality patient care, not realizing the burden the business would place on our work. I can change that with you while maintaining your autonomy.

Are you struggling with all the technology to run a practice?  
Maybe your still using paper files... or have too many programs to keep track of.  
Do you feel you weren't trained for the business part and want to focus on quality patient care?

Are you chasing down payments?  
Frustrated with insurance companies?  
Can't focus on growth and other things?

Are you spending money on hiring only to get the wrong candidates?  
Is your hiring process time consuming and slowing your growth?  
Is your team getting overwhelmed or confused with the growth changes?

Are you too busy to get new contracts that would grow your patient base more quickly?  
Do you have great ideas that you would like to have time to invest in?  
Is it overwhelming to navigate the breadth of branding and marketing for your practice?
